Did You Know?

- Friday's drawing will be the 40th drawing in this run, a record since the game began in 2002. The last time the jackpot was won was June 27, 2025 in Virginia at \$348 million (\$155.5 million cash value).
- If it rolls again following Friday's drawing, the jackpot surely will grow past \$1 billion, the first time it will have done so under the new game rules adopted in April.

General Information

Game Facts

- **Where to Buy:** Mega Millions tickets are sold in 47 jurisdictions: 45 states; Washington, D.C., and the U.S. Virgin Islands.

- **Ticket Price:** Tickets are \$5 and include a randomly assigned multiplier, multiplying the base prizes (non-jackpot) levels by 2X, 3X, 4X, 5X, or 10X.
- **Drawing Time:** Drawings are conducted at 11 p.m. Eastern Time on Tuesdays and Fridays in Atlanta, GA.
- **Starting Jackpot:** The starting jackpot for the next drawing after a jackpot-winning Mega Millions ticket is sold is currently \$50 million. There is no fixed minimum jackpot roll increase, which is dependent on game sales and interest rates.
- **Game Odds:** Overall chances of winning any prize: 1 in 24. Odds of winning the jackpot: 1 in 290 million.
- **How to Play:** Players select five numbers from 1 to 70 and one Mega Ball number from 1 to 24. There are [nine prize tiers](#), ranging from \$10 to the jackpot.
- **Annuity:** A jackpot winner who opts for the annuity receives one immediate payment and annual payments that increase by 5% per year for 29 years.
- **Estimated Values:** Estimated annuity and cash values are announced prior to drawing dates and are based on projected sales. Differences between the estimates and final amounts may occur if a substantial percentage of sales happen on the drawing date. The cash value is the amount of cash in the jackpot pool. If a winner chooses the annuity, the cash value is used to buy bonds that fund the annual payments.

Game History

- **Game Name:** Mega Millions originally launched as “The Big Game,” with its first drawing on Sept. 6, 1996. Its name was changed to Mega Millions in 2002.
- **First Drawing:** The first Mega Millions drawing was held on May 17, 2002, and produced a \$28 million jackpot winner from Illinois.
- **Price Point Change:** In April 2025, Mega Millions increased its ticket price for the first time since 2017, from \$2 to \$5. The change brought bigger starting jackpots and significantly larger prizes across all non-jackpot prize tiers.

Who Benefits

- **Beneficiaries:** Lottery profits support a wide variety of good causes and are allocated differently in each jurisdiction.
